

# Art

## A “Handy” Little Apple Tree

### *Materials Needed:*

*Green, brown & red washable paint*

*Small bowls*

*Paint brush*

*12 x 18 white construction paper*

*Paper towels & water*

*Fill bowls with paint. With the paint brush, paint the child’s forearm and hand brown. This will be the tree trunk. Gently press the child’s arm on the paper. Help the child clean the paint off his arm. Next, have the child make leaves with his thumb print dipped in green paint. Finally, add apples to the tree by dipping a finger in the red paint.*

*Display the class trees in a row.*
